

I do not think you should be considering overturning New Jersey's 'Do Not Call' law because it is more stringent than the federal program.

This law is under attack from telemarketers who want the ability to call people despite the fact that they have signed up for the 'Do Not Call' list.

I DO NOT want these phone calls and find them very disturbing!

If I wanted to speak to these people I would call them!

New Jersey's consumer protection laws should NOT be weakened.

Governor Codey, DID THE RIGHT THING with this law, DON'T CHANGE IT!
